For Hospital Expansion Booster Club Donates \$10,000

by Joe Schrader

Irv McIsaac, Booster Club President, announced today that the Club's Board of Directors voted unanimously at its September 6th Meeting to donate \$10,000 to the Mercy Hospital Expansion Program. This donation is designated exclusively for the Pediatrics Department at the hospital. The cash pledge will be presented to Sister Mary Hilda, RSM, Hospital Administrator, at the Club's Annual Party on Saturday, October 14th.

The action by the Boosters is just another typical example of its continuing participation and financial assistance in community affairs. "We're dedicated to the promotion of area youth and other community activities," commented McIsaac in announcing the Club's decision.

Current Board members, in addition to McIsaac, include Jim Bendig, Vice-president; Larkin Baker, Secretary; Harry Miller, Treasurer; and George McEvers, George Bielski, Ray Kehr, Bill Duke, Bob Cincilla, Ken Chapp, Delbert Case, Gene Case, Russ Owens, Iris Corr, Ron Metzger, Kim Lovely and Mark Hartman.

The gift by the Booster Club is hoped to buoy efforts of hospital expansion campaign officials and workers toward successful completion of its \$500,000 goal.

Sheriff's Dept. Busy Again ...

Sheriff's Dept. deputies responded to a total of 108 complaints last week. Heading up the list of complaints were breaking and enterings totaling 16, five larcenies were reported, six personal injury accidents along with another six property damage accidents, while three malicious destruction of property charges were recorded.

Two late-afternoon Labor Day expressway collisions were answered, one involving a five-car pileup, the second involving three vehicles. No injuries were reported in either of the two incidents.

Undersheriff Joe White reported that Animal Control Officer Doug Wallman has been busy these days and reminds all dog owners to keep their pets confined or tethered and, not allowed on the loose. Wallman investigated 144 animal control complaints during August, picking up 127 dogs in the process. Most of them had to be destroyed. Pet owners are reminded that wandering animals are subject to pickup by the Sheriff's Dept. and cautions all to be especially careful of the whereabouts of their pets.

Eye Archery Complex Future ...

City officials and other interested citizens gathered together last week to discuss the future of the Bear Archery Building Complex on M-72 West. Jack Hull, spokesman for Milltown Realty, local agency handling the sale of the facility, spoke to the group on the prospects for industrial use and sales forecasts.

A number of area industrial representatives attended the session, along with Roger Rehberg from the Upper Great Lakes Development Commission.

Walt Nowak, Grayling Chamber Executive Director, pretty much summed things up by saying, "we must sell Grayling and everything it represents." Nowak was alluding to a sales approach to industries interested in purchasing the sprawling facility.

Lake Group Seeks Source of Contamination

[Special to the Avalanche]

Alarmed by an unusually high bacteria count in the south bay of Lake Margrethe, representatives of the lake property owners are now in the process of trying to determine the source of possible water contamination.

The pollution issue was a major item of discussion at the season's final meeting of the Lake Margrethe Property Owners' Association, Saturday, September 2, in the St. Francis Episcopal Church Hall. With some 60 members and guests present, the meeting was the most heavily attended of the year.

Chairman Rex Moulton of the Association's Conservation Committee reported that water samples taken in August showed a count of 4,300 fecal coliform and 9,200 total coliform bacteria per 100 millimeters of water at the mouth of a small creek that flows into the lake from swampy ground

near the Camp Grayling parade field.

Moulton said a coliform bacteria count higher than 200 is considered unacceptable by State health authorities for waters used for swimming.

The Association also is in disagreement with the military authorities over Camp plans to pave over 17 acres of wetlands near the parade grounds, as a parking, refueling and washing area for military vehicles.

Water quality officials from the Northeast Michigan Council of Governments have advised the Association that extensive paving inevitably increases the runoff of both natural and man-made chemicals into adjacent lake waters, damaging water quality and hastening the lake ageing process.

The Association also has been warned that destruction of wetlands compounds the potential harm, by eliminating areas that provide natural filtration and protect water quality.

Moulton said military authorities have indicated the 17 acres proposed for paving this year represent only one phase of a long-range program that eventually will involve paving 93 acres of Camp property.

The membership voted to authorize Association directors to take all necessary steps to protect Lake water quality, including legal action.

The meeting was chaired by James M. Rifkin, beginning his second term as president. Reports and presentations were heard from Joseph Stripe, chairman of the Grayling Recreation Authority, Corporal Dean Goss of the Sheriff's Marine Patrol, Township Supervisor Bernie J. Fowler, Township Assessor Tom Bateman, and Robert Koch, NEMCOG environmental planner.

Following a sound-slide film on the Mercy Hospital Capital Fund Campaign, members approved an Association contribution of \$500.

New Officers On Chamber Board

The final tabulations have been completed by the Elections Committee of the Grayling Regional Chamber of Commerce with the following results:

Elected to a three year term that expires on August 31, 1981 are Sherry Hanson, First Savings and Loan; Ron Fraser, Holiday Inn, re-elected to the board; Jerry Walker, Jack Millikin Construction Co.; Bill Rutter, Grayling Window and Door Co.

These board members will be joined by remaining board members whose terms will expire as follows:

August 31, 1979: Robert Cole, Flowers By Josie; Ltc. Mick McNamara, Camp Grayling; John Naur, Cornell Realty; Paul Lerg, Crawford-AuSable School Board.

August 31, 1980: Nelson Miles, Attorney at Law; Mrs. Bill (Marian) Joseph, Grayling Mercantile; Douglas Wilson, Black & White Foodland; Bill Kelly, Scrub Board Laundromat.

Outgoing President, William Bonkowski, Grayling State Bank, will serve as Immediate Past President succeeding Gloria Kraus, of the Village Shop.

Organizational meetings are scheduled for Tuesday Noon luncheon, Sept. 12 at the Holiday Inn for election of officers. Thursday Noon, Sept. 14 at a luncheon at the Arrowhead for regular business to come before the board.

On Thursday evening they will hold the annual meeting of the new board, specifically to make changes in the by-laws, seat new officers and make committee appointments for the ensuing year's activities.

JV's Romp, 49-0 Hornets Sting Vikes In Season Opener, 13-8

by Joe Schrader

"We'll go back to the basics this week in our practice sessions for Roscommon," commented Head Coach Bill Klingner in the wake of his team's season-opener loss to Harrison Friday night, 13-8. The Hornets tacked 13 points on the scoreboard before halftime and then coasted to an easy victory over the Vikes in a game which was changed from Grayling to Harrison because of lighting difficulties at the home field. The Vikes will host the Roscommon Bucks this Friday night with game time set for 8:00 p.m. Conference play will start September 22nd when Grayling heads north to Cheboygan for an encounter against the Chiefs. In other high school action, Coach Chuck Mire's JV squad journeyed to Harrison to meet the Hornets Thursday night and came home savoring a 49-0 victory. The Viking Freshmen

squad played to a 0-0 standoff against Gladwin here at home Thursday afternoon.

In the Varsity contest Friday night, Harrison took Grayling's opening kickoff and moved downfield to the Vike 22-yd. line where a Hornet fumble was recovered for Grayling by Mark Kibbe. An offensive drive by Grayling fizzled and Todd Dunkley punted to Harrison on their own 43-yd. line. The Hornets moved the ball steadily downfield and, with 46 seconds on the first-quarter clock, the Hornets punched the pigskin over from the 2-yd. line. The Kick failed, and Harrison led, 6-0. Harrison's second score came in the second quarter, triggered by a 50-yard romp by tailback Pat White, who carried the ball to the Viking 34. White then single-handedly carried the ball on the next four plays to the one-yard line where the Hornets punched it over for their second TD. The kick after was good and Harrison walked off the field at halftime leading 13-0. Grayling's only scoring came late in the contest when Harrison "gave up" a safety on a fourth and long yardage situation from their own three yard line. That gift made it 13-2.

Following Harrison's free kick to Grayling on the Hornet 37-yd. line, Quarterback Rocky Tobin hit Joe Wieland on the Harrison 10, then followed with a scoring strike to the same receiver for Grayling's only TD of the evening. A 2-point after attempt failed and the final ended up 13-8.

Todd Dunkley led Grayling's ground attack with 60 yards on 15 attempts, followed by Tobin who racked up 42 yards in 14 carries. The Vikes gained 162 yards on the ground and 42 in the air with Tobin hitting on two of six attempts. Leading tacklers were Rocky Tobin, Skip Olsen and Joe St. John, defensive backs, which says something about the efficiency of the team's defensive line. "I guess we went down there

thinking they'd be a pushover," commented Klingner, "we found out different and now must prepare hard for our contest this Friday against Roscommon."

It was a different story in JV play, though, when the Vikes journeyed to Harrison and rolled to a 49-0 victory. The Hornets were unable to gain a single first down against the Viking defense. Grayling got off to a 19-0 first quarter advantage and rolled to its first-game victory. Scoring for Grayling went as follows: Steve Fling on a 7-yd.

run; Kevin LaMotte on a 12-yd. scoring toss from Quarterback John Junttila; Billy Roach on a 17-yd. reception from Junttila and Junttila on a 30-yd. scamper. Scott Hale scored for Grayling twice, Todd Golinick added a TD, and Tim VanNuck was credited with two safeties.

John Junttila hit for 8 of 9 through the air and added 56 yards on the ground. The squad racked up 255 total yards on the ground and 191 through the air. The squad travels to Roscommon Thursday night for an encounter against the Bucks.

Role of the County Social Services Board

By Maureen McNamara

As it was explained in last week's issue, historically, in Michigan - Social Services Boards date back to the days before Michigan became a state. Through the years, especially with the dramatic economic crisis of the Great Depression, these duties of the Social Services Boards have gradually shifted from service delivery and direct client contact to that of administrative policy-making and advisory responsibilities.

The Board Member represents the "total community" when he accepts his responsibilities in the welfare system. He represents the taxpayer, the Board of Commissioners, but in a more direct sense - he represents the clients to be served since they too are members of his community. In recent years, the Welfare Department has been developing into a Social Services Department which actually encompasses a much broader scope of social aids to the "total citizenry", in many cases regardless of the need for public monetary assistance.

To quote from the Social Services Board Handbook, "A Social Service Board member represents the 'conscience of society' as he attempts to deal honestly with the human problems and needs created by the economic and social complexities of modern life."

The Board consists of three members who must be residents of the county. Board members are not allowed to serve as Director or an employee of the department. The law further stipulates that a board member may not hold other elective public office.

Two members are appointed by the County Board of Commissioners and one by the State Department Director. Members are appointed at the October sessions of the Commissioners and are expected to assume their duties by November 1st of the year in which they are appointed. Board members are required to take an oath of office and this oath is filed with the County Clerk, as part of the qualification for office.

"Moonlight Madness" Discussed Downtown Merchants Learn About Archery

by Joe Schrader

The Downtown Merchants Association held its regular monthly meeting last Thursday, with a downtown luncheon meeting at Chief Choppenagon's Hotel. President Ernie Dawson presided at the September meeting.

After introduction of the guests in attendance, guest speaker Ralph Stevens spoke to the group about the archery program, an on-going event, here in Crawford County. Mr. Stevens, formerly of Bear Archery, has recently joined the Carlisle Canoe Paddle Co. He discussed the camouflage code for archers, and described success that local archers have experienced in recent tournaments. Stevens pointed out that some five to six hundred archers will be on hand here in Grayling this year for tournament action.

Wayne Hindmarsh, chairman for the "Moonlight Madness Sale", discussed plans for this year's special downtown sale event, scheduled for November 20th. Hindmarsh outlined objectives for the sale which include the following:

- Providing a selling event for downtown Grayling and to bring as many people as possible in to the downtown area.
- To officially "kick-off" the Christmas buying season.
- Providing a means for each store to show off its

Christmas Gift selection early so as to increase the chances of Christmas buying in each individual store and in the downtown area, generally.

In concluding the meeting, Chairman Dawson had this to say about downtown shopping and this year's "Madness Sale" ... "people are looking for the unusual - there's no reason we can't convert this town into a 'Christmas City'."

School Board Meets Monday

by Joe Schrader

"Smooth and orderly" is how Supt. Dr. William Diedrich described the opening of Grayling schools last week. Twenty-one hundred students began classes last week in the Grayling and Frederic schools, with a 762 student enrollment reported at Grayling High School.

Routine action was conducted by the Board when it met in regular session this past Monday night. Supt. Diedrich put on a video presentation outlining his perception of what the administrative and management team objectives and philosophy should consist of. "Communication is our key to success," he concluded.

A recommendation by Diedrich to change Business Manager Paul Lerg's title to Assistant Administrator - termed a "technicality only" by the Superintendent, was tabled by the Board for future action.

GRAYLING, MICHIGAN — THURSDAY, SEPTEMBER 14, 1978

From Our Corner ...

Now that we are back to the one Sunday in the week, the ole fella feels more relaxed ... and to top it off ... this week's corner is going to be a breeze, only because some of our readers have come through and proven to us that there are a few readers of our corner that shows it hasn't been a figment of our imagination ...

First off, and possibly the most important to our readers, is the fact that Sheriff Curt Haas has taken up one of our latest pet peeves by formally requesting through the Safety and Traffic Division, 7th District Headquarters in Traverse City, Michigan State Police, for a traffic signal light at the intersection of Old 27 and M-93, (I-75 Business Loop).

The letter in part states:
"Due to a series of accidents, some fatalities, that have occurred over the past several years at the intersection of I-75 Business Loop/M-93 and Old 27 near the Grayling-Frederic township line, I find it necessary to request that a signal light be placed at this location for the safety of the motoring public. I also feel this is necessary to add to the safe transportation of high school students who are bussed to the high school, which is located just north of this intersection."

Now it would be nice if some of our other portions of government would follow this up with a request from the Michigan State Highway Department, city, county, township, it doesn't matter ... just to prove there are others interested.

Next on the list was learning Monday of the Booster Club Board Members voting to give \$10,000 to the Mercy Hospital Expansion, ear-marked for the Pediatrics Department to help the little ones. Not being on the board our only yea vote can come through our corner.

The next couple events that happened to us this past week are on the lighter side ... but also proving someone took care of our corner ...

How about this, the ink had hardly dried on last week's issue when we had a visitor in our office with a couple of wordings for under the flag ... Amy McMichaels offers, "Milltown — Canoeing Capitol" or "Heart of the North". Keep them coming ... the one we select will receive a year's subscription to Crawford County's only newspaper.

Following this up was a call from Elina Marshall inquiring if our subscriber contest was still going on, we had to answer to the affirmative only because this was our first call on the contest. Mrs. Marshall's entries are shown on page one, and she stated these were grown within the city limits of Grayling ... Now, not being from a farmers family, we are caught in the fact we don't know how long those monsters keep growing? With that question we will wait a couple more weeks to see if someone can top the efforts of Elina. To the winner goes the spoils ... a sub to the Avalanche.

Last Thursday afternoon we stopped at the Hotel's water-hole on our way back from court, and being questioned by a patron, found out he too was a reader of the corner ... he asked, if we were with the Avalanche? With the affirmative, he stated, I see your mug every week, we have a place on Starvation Lake, but live in Detroit and am related to Margaret Chappell. All we can say is, thanks Jack Hansen for the orange pop.

We are glad someone asked, we cannot remember who, but anyway, we spent the weekend with our T.C. granddaughters, T.J. and Stef and looked over their new home where we found out they have a room for the ole fella to sleep in a little longer Sunday mornings if we wish.

Have a happy week ... we know we would if every corner was as easy as this one ...

The Bible Speaks

From Calvary Baptist Church

World Council of Churches Supports Terrorism in Rhodesia

The World Council of Churches, based in Geneva, released \$85,000 last month to guerrilla groups fighting against an interim settlement in Rhodesia. In light of the news of recent massacres of white missionaries, farmers, and black villagers, the above news is waking up a few more people to the ministry of the W.C.C. The money came from a fund earmarked for the W.C.C.'s program to Combat Racism. The overthrow of a white minority is felt to be an important step in stopping racism.

Many of you probably thought I was a little rough on the W.C.C. when we first wrote on the subject, 10/24/74. I reminded you then that Communism had infiltrated this international church group. Communist agents from churches in Communist countries occupy many key posts in this organization. The great stress on ecumenical unity and brotherhood has continued to blind the eyes of millions of people.

THOUGHT FOR FOOD by GORDON COOK

Best Carrot Casserole
You can't believe how good this carrot pudding type casserole is unless you try it. It's a pretty looking dish and just as delicious as it is pretty.
12 carrots — cooked in lightly salted water
1/2 pound cheddar cheese
1 stick butter
2 tablespoons dried onion
1 teaspoon salt
1/4 teaspoon dry mustard
1/4 teaspoon celery salt & 1/4 teaspoon pepper

Slip the skins off the carrots and slice. Alternate layers of carrots and cheese slices in a 1 to 1 1/2 quart casserole. The rest of the ingredients make up the cream sauce which you pour over the carrots and cheese. Melt butter, stir in 1/4 cup flour and spices. Gradually add 2 cups milk or 1/2 and 1/2 and stir until thickened. Top with fine breadcrumbs and bake at 350 degrees for 25 minutes. This should serve eight and they'll like it.

Cereal Sense
For economy, use cereals you can cook yourself rather than instant or ready-to-eat cereals. When buying the latter, select unsweetened ones. If practical, buy cereals in family-sized boxes.

I wouldn't say my checking account was crazy — but I do believe it is a little unbalanced.

Monday Night Golf League

by Fay Brown

The Monday Night Ladies Golf League was rained out for their last night of Scrambles and Fun Night on September 29, 1978, but 31 ladies enjoyed their potluck dinner that evening. Following the dinner the season's awards were given. Dodie Brady won low game for the season with a 45. Judy Mesack was the most improved golfer having taken 38 strokes off her game. Three ladies won low ringer scores. Anne Esmond with a 40, Gloria Neilson with 39, and Dodie Brady with a 38.

Election of officers was held with Pauline Petroskey becoming president for the 1979 season and Sharon Klinger, secretary-treasurer. A financial report was given and also several suggestions for improvement for next year.

This year's president, Kathy Parkinson, extends her appreciation for the helpfulness and cooperation of this year's ladies in making her year a success.

What is High Blood Pressure?

More than 23 million Americans have high blood pressure. In Michigan alone it is estimated that approximately one million people have high blood pressure.

What is high blood pressure? Blood pressure is the force of the blood against the walls of the arteries; everyone has blood pressure. This force is generated by the heart as it pumps blood to all parts of the body. The blood must be squeezed through miles of blood vessels — some of them, arterioles, are so narrow they can be seen only with a microscope. This squeezing creates resistance to the flow of blood and pressure builds up that pushes against the blood vessel walls.

Normally, the body regulates blood pressure so there is just the right amount and speed of blood flow to reach all the body tissues and helps keep them healthy. But in the case of hypertension, the body's built-in controls fail, for some unknown reason, and let the blood pressure go up and stay at unhealthy levels. High blood pressure adds to the workload of the heart and arteries. Thus, the heart must pump with more force, and the arteries must carry blood that is moving under greater pressure. If high blood pressure continues for a long time, the heart and arteries may not function as well as they should and other body organs may also be affected. Blood pressure then becomes a destructive force which can damage vital organs and can lead to stroke, heart and kidney failure.

Your upper arm is the most convenient place to take a blood pressure reading — but you should realize that your blood is also pressing in every tiny arteriole throughout your entire body, in your eyes, brain, heart, kidney, etc. When the nurse or physician takes your blood pressure, they are measuring how hard the blood is pushing against the vessel walls. The pressure of the main artery in your arm gives the doctor or nurse a good idea of your overall body blood pressure.

To take your blood pressure, the nurse wraps a cuff around your arm. The cuff is connected to a pressure meter that measures the two levels of your blood pressure. The nurse pumps the cuff full of air which temporarily squeezes your arm artery closed and stops the pulse. Then she slowly lets air out of the cuff and listens very carefully with the stethoscope to hear when the pulse starts again; she records this pressure. She then lets more air out of the cuff until she no longer hears the pulse and records this pressure. The first measurement is of the arterial pressure during the peak force of the heart beat. (Systolic blood pressure). The second measurement

is of the arterial pressure while the heart is resting between beats. (Diastolic blood pressure). As an example, the record will show two numbers, 120/80. The top number is the systolic pressure and the bottom number is the diastolic blood pressure. The numbers vary among individuals and at different times during the day. Everyone's blood pressure goes up and down, not only with each heart beat but also depending on whether they are awake or asleep, working hard or relaxing, excited or calm. Even a person whose range of blood pressure is normal most of the time can have temporary high blood pressure during stress situations.

Cooper-Severn Speak Vows

On the job, with Bill and Bob

Richard Milliken

Political campaigns are always curious things, but the campaign in Michigan this year may be curiously more than most.

That assessment is based on early returns from top candidates about the campaign themes they will be hitting hardest. In Michigan, it seems that attendance will be a major issue. And that's where the plot thickens.

Republican Gov. William Milliken is being challenged by Democratic State Sen. William Fitzgerald, who has been in the Michigan Legislature for eight years. In the recent Republican state convention, Gov. Milliken — usually pictured as the mild-mannered Boy Scout type of politician — came out uncharacteristically swinging both fists at opponent Fitzgerald, and dwelling heavily on Fitzgerald's record in the Legislature.

"During his four years in the House, he had one of the worst of all attendance records, missing 1,625 roll call votes," Milliken claimed. "In 1973, he missed nearly half the votes and had the worst record of all but one of the 110 House members."

"His record in the Senate was even worse. One year he missed more than 61 percent of the roll call votes and for the past two years has had the worst record of all but two of the 38 senators."

The Milliken message was clear: If his opponent isn't even on the job in the Legislature, how can he be trusted to work in the Governor's office?

Meanwhile, across the state, another political convention was being held, this one by the Democrats. Carl Levin, the Democratic candidate for U.S. Senate, was taking off in equally acerbic terms about his opponent, Republican Sen. Robert P. Griffin.

You may recall the Griffin script: Early in 1977, Griffin announced his intention to retire from the Senate. He wouldn't run again in 1978, Griffin said. And the line of would-be successors formed at both the right and the left.

Then, early in 1978, Griffin changed his mind and decided to run after all. It is alleged that Gov. Milliken urged Griffin to change his mind, and he did.

Levin apparently senses an especially soft spot in Griffin's record on the issue of attendance in the Senate, and he took out after Griffin on that score. In a fiery (for Levin) speech to his fellow Democrats, Levin sounded like Milliken as he told them what Griffin was doing during that year he was a veritable self-proclaimed lame duck:

"What he did was to take a walk," Levin claimed. "He missed over 200 roll call votes after he declared his intention to run ... and he had the worst attendance record of any senator who didn't die in office (in 1977)," Levin said.

So there you have it spelled out: One of the most important issues in the top campaigns in Michigan this year apparently will be attendance.

However, it depends on which campaign you're talking about. Democrats and Republicans alike will have to be mighty careful when they roll out their campaign rhetoric that they don't stumble and a Democrat attack Fitzgerald's attendance record, or a Republican take on Griffin's on-the-job record.

Here's a bi-partisan idea: In the spirit of government economy and tax reduction and what all, maybe Levin and Milliken could share a speech writer. The same writer could whip up a humdinger about the evils of not tending to the job, and deliver a copy to Levin and another to Milliken, and then they could just fill in the name where appropriate — either Griffin or Fitzgerald.

That way they could shave the salary of one speech writer, and turn the money over to some worthy charity — such as the state treasury.

Maybe attendance is over-rated anyway. I've seen a lot of public officials who would have served the public better by staying away from the job. Maybe we have too many public officials attending to our public business too much of the time as it is.

As the old political philosopher once said:

"Sure, we have a lot of government. But thank goodness they don't give us all the government we're paying for."

Cindy Lynn Cooper and Lonnie Mack Severn were married on Saturday, September 9th in a 6 o'clock p.m. double-ring ceremony at the Bethany United Methodist Church in Clio. The Rev. John D. Rozenboom officiated for the couple. Cindy is the daughter of Mrs. Viola Cooper of Millington, and the granddaughter of Mrs. Bernice Cooper and Mrs. Iva Lazarowicz, both of Grayling. Lonnie is the son of Mr. and Mrs. Earl Severn of Millington.

The bride, given in marriage by her uncle, Earl Cooper of Grayling, wore a white gown with scoop neck-line, short long sleeves, a natural waistline and with five layers of lace for the skirt. A cap of lace secured her cathedral length, lace-edged veil. She carried a crescent style bouquet of white daisy mums

and red roses.

Honor attendants were Connie Cooper, sister of the bride, serving as maid of honor, and Ron Severn, brother of the groom as best man. Bridesmaids were Pat and Kenitha Severn, sister-in-laws of the groom; Cindy Gilmore, sister of the groom, and Wendy Severn, cousin of the groom. The flower girl was Sandy Gilmore, niece of the groom.

The bride's attendants wore rainbow colors. The alter-styled dresses were topped with sheer chiffon capes. They carried bouquets of daisies and carnations.

Groomsmen were Vic Severn, brother of the groom; Barry Gilmore, brother-in-law of the groom; Larry Mercer and Tom Severn, cousins of the groom. Ring-bearer was David Yost, a special friend of the bride. The ushers were Jeff Severn and Corey Reed, cousins of the groom.

Mrs. Viola Cooper wore a gown in pink, and Mrs. Earl Severn chose a gown in blue for the marriage of their children.

A buffet dinner and reception was held at the American Legion Post 164 for 400 guests. The couple left for a honeymoon trip to Los Angeles, Cal. and Hawaii. On their return they will be residing in Flint.

The Music Committee is busy making final selections of songs for our October show and we will be putting things together ... inserting a goblin here and a witch there. Remember, this will be a Halloween Show and anything goes on Halloween!!!

We were most happy to welcome officially into our chapter two new members, Peg Johnson and Gail Gardner. Peg sings lead and Gail sings tenor. Mary McLean visited us this week and it was nice to see her back.

Grayling Community School Office

Sponsors 'Travel-Adventure Series'

The Community School Office of Grayling High School is presenting its 6th Annual "Travel and Adventure Series" which will include six nationally known adventurers and explorers who are artists in the travelogue field. They appear on such major platforms as: National Geographic, Washington, D.C., Town Hall, New York; Orchestra Hall, Chicago; and Town Hall, San Francisco.

Each is a professional photographer having many years experience in traveling and filming the many beautiful and interesting places around the world. These personally filmed, all-color motion pictures are especially popular because the man who filmed the picture, appears on the state, in person, and narrates his film. In addition to the thrilling motion pictures and the personal narration, many of the travelogues include a musical background and special sound effects for added enjoyment and realism.

Each member of the family, young and old, enjoys the travelogues for they are

wholesome (education and adventurous) entertainment. Everyone has the urge to travel but only a few satisfy that desire. By attending the "Travel and Adventure Series" there is a joy and thrill in visiting those far-away places, such as these included for next season: Colombia, Ireland, Hawaii, The European Alps, Great Lakes and Spain.

Passports for these films are now on sale at the Community School Office in the Grayling High School. A season passport cost is \$9.00 or \$6.00 for Senior Citizens. A season passport entitles you to each of the six shows or you may use them in other ways by asking someone to join you in three of the shows.

Open House For Income Tax School

Curious about how income taxes are taught? H & R Block, the nation's largest income tax preparation firm, will hold an open house on September 14 for students and the public, to demonstrate how income taxes are taught.

The open house, from 7 p.m. to 10 p.m., will be at the Grayling High School, the location of Block's Income Tax School here, one of more than 2,000 schools conducted throughout the country. The income tax course consists of 81 hours of instruction and begins on September 18.

Patricia Gale, district manager for H & R Block, said the open house is for both enrolled students and the public. "Anyone interested in income tax preparation is invited to attend," Mrs. Gale said.

Tax manuals and classroom materials will be on display at the open house. Instructors, veteran H & R Block tax preparers, will conduct a practice session and answer any questions pertaining to income tax preparation.

The school's curriculum of more than 40 tax topics includes such subjects as filing requirements, itemizing deductions, farm returns, investment credit, retirement plans, and rentals and royalties.

"Anyone may enroll in the school," Mrs. Gale said. "No previous tax experience or accounting knowledge is required. Those enrolled include housewives, college students, retired persons and, of course, individuals seeking careers in tax preparation."

Persons interested in attending the open house or enrolling in H & R Block's Income Tax School may contact Pat Gale at the H & R Block office at 2125 E. Pioneer, Roscommon, or telephone 275-8113.

Dear George,

We need you badly. I went to the scrimmage a few weeks ago and Paruel looked great in his football uniform, only he didn't have any shoes. Well George, I sold your electric drill to buy him football shoes. It's the least a father can do. The team lost the game to Harrison because Mr. Walcott wouldn't let Paruel play. Please come home and take over as Coach George!

On Labor Day the senior class had a car wash in the parking lot of the Scrub Board Laundrymat. I sure do a lot better job washing clothes than they did washing cars. The few that did show up to work had a lot of spirit and did their best to satisfy the customers. I do too!

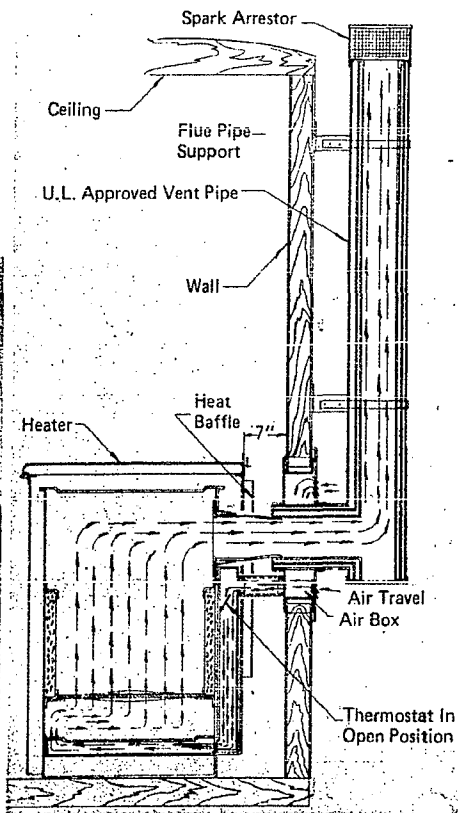

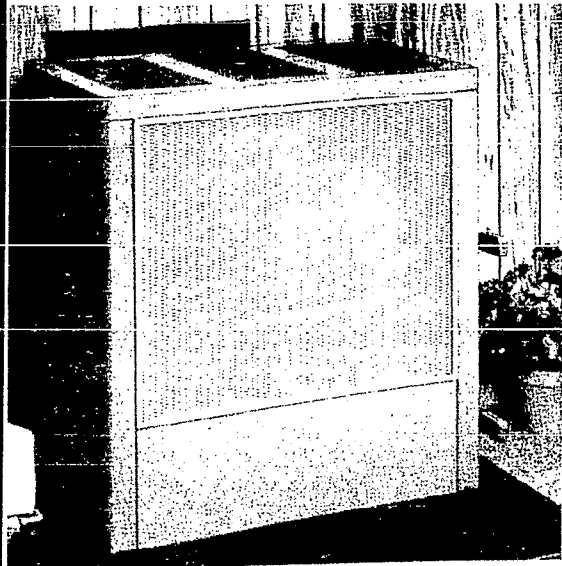

Madeleine Kucharch used the new Westinghouse machines this week. She really liked them. It's a good thing she comes every week because she usually leaves something behind. Poor John, it's always his pants and socks she forgets.

George, there's a big event coming up in Grayling and I don't want to miss it. The Charity Ball on Sept. 30th. George, I'm going to have Saturday Night Live. I had my hair done clean up here at the Scrub Board. It only cost \$2.00. I hope all the ladies get their gowns cleaned before the ball. I had my shoes have them cleaned after the big dance too.

Waiting to hear from my love,
Edith

Hoping

Hope does, indeed, spring eternal. It's worth getting on tiptoes to see if there's something in the mailbox, because it's so wonderful when there is.

Children don't give up easily. She'll go back every day... she'll keep trying. It's different when you're older. Then footsteps tend to lag; some of the bounce has been taken out of you.

All right. No one expects you to be a rubber ball, bouncing back every time life slaps you down. But on the other hand, balls that never bounce back, like flat tires, get tossed on the scrap heap, for obvious reasons.

Next time there's no mail in your box, whether that box is real or imaginary, start thinking that maybe you should write the first letter, take the first step.

Why not make it toward church?

The following are family and friends who came up to attend the funeral services of Ruth Bidvia: Marie and Frank Netkowski and Rudolph and Emma Wenzel of Rogers City; Mrs. Erna Koch, Roseville; Mr. and Mrs. John Pace, Mt. Clemens; Mr. and Mrs. Ed Groh, Saginaw; Mrs. Vern R. Stolle, Tucson, Ariz.; Mrs. Betty Wysocki and Mark, Dearborn; Edith Bidvia, Detroit; Mr. and Mrs. Ed Comford, Jackson; Mrs. Everett Bidvia, Muskegon; Mr. and Mrs. Danffy Myska, Detroit; Mr. and Mrs. Ed Donahue, Manistee Lake; and Mrs. Stella Houk, Ann Arbor. Robert and Laurie Ballinger, grandchildren, returned to Livonia on Sunday while Russ and Susan Ballinger remained with her father until Thursday.

Mrs. Cheryl Hall and daughters, Candy, Cory, and Colleen spent seven weeks this summer in Egypt where they went to visit their husband and father, David Hall. Mr. Hall is vice-president of the J. C. Frederick Electrical Contractors who are working on the American Motors Jeep Company plant in Cairo, Egypt. Flying from Metro they went to Boston, Rome, where they spent three days, Athens and on to Cairo. They returned by way of Paris and New York to Metro. They were able to see a great deal both of Cairo and Alexandria on the Mediterranean as he has a villa in the suburbs of both cities. The girls were treated to a camel ride and they toured both the pyramids at Giza and the steppe pyramids at Memphis, which is the old capital of Egypt. They became acquainted with many classes of people and found them very gracious and hospitable and saw a lot of extreme poverty, greater than any in this country. They feel they really learned to appreciate the United States, but they had an extremely enjoyable trip.

Mr. and Mrs. Hugh H. Tune had as their weekend guests the latter's sister and husband, Mr. and Mrs. T. W. Roy of Rochester, Mich.

Speaking of flowers and views, have you folks driving out AuSable Trail West seen the beautiful picturesque setting and landscaped grounds next to Pollack Bridge?

The summer of 1978 was one of family reunion for the Andrew F. Wilsons at the Lake Margrethe cottage, built by Mrs. Joan Wilson's father, Axel E. Michelson, in the early 1920's. All four of the Wilson sons rendezvoused at the cottage in July, including Mr. and Mrs. Michael Wilson of New York City, Mr. and Mrs. John W. Wilson of Canton, Mich. and family, James Axel Wilson of Juneau, Alaska, and Robert C. Wilson of Detroit. In August, Mr. and Mrs. John Axel Michelson of Lake San Marcos, Calif., and daughter Donna arrived for a two-week stay, returning to their home near San Diego after Labor Day. Childhood friends of John and Jean gathered to welcome the Michelsons August 24 at a cocktail reception at the Thomas R. Welsh home, and a dinner party hosted by Mr. and Mrs. Clyde Borchers. Their guests included Mr. and Mrs. William Joseph, and Mrs. Mary Jane Knibbs, in addition to the Borchers, Welsh, Michelson and Wilson couples.

On Monday, Labor Day, the Glen Days were surprised with the visit of their daughter and son-in-law, Ginnie and Jack Bebble and their friends, Alice and Grif George from Hollywood, Fla. Leaving on Thursday, they stopped in Lansing to visit Ginnie's brother, Dr. Dennis Day, then planned on going on to Niagara Falls, then to the Dutch Country in Pennsylvania.

America's original Morgan horse was named after its owner, Justin Morgan. It was foaled in 1789, by True Briton, near Randolph, Vt.

Breath of Life Campaign Kicks-Off

The Breath of Life Campaign, an annual appeal for funds to help children with Cystic Fibrosis and other lung-damaging diseases, will be conducted in more than 400 Michigan communities during the latter part of September, the month officially assigned to the CF Foundation by the National Health Council.

The Breath of Life Campaign raises vital funds for research to find a cure for Cystic Fibrosis. It also supports clinical care and education programs which lengthen the lives of all children who struggle to breathe with life-threatening pulmonary diseases.

Cystic Fibrosis, a disease which causes a thick glue-like mucus to clog the respiratory and digestive systems, takes the lives of half of its victims before the age of 18. Those who survive beyond 18, and those who do not, live an existence filled with constant therapy and medication, a life in which even a common cold can result in pneumonia and hospitalization. Contributions collected throughout Michigan this month will help millions of American children like: Johnny, a two-year-old recently diagnosed with Cystic Fibrosis, who is now receiving the comprehensive treatment that gives him a 50% chance of living past age 18.

-Susan, a twenty-year-old young adult with Cystic Fibrosis who hopes research will find a cure in her lifetime—because her time is running out.

-Tammy, a nine-year-old with asthma so severe that her lungs are crippled by constant respiration infections, and

-David, a ten-year-old who has been hospitalized with pneumonia three times in the last year.

These children and young adults will require specialized pulmonary care for many years. For those with Cystic Fibrosis, it will be needed all of their lives. Cystic Fibrosis is the most serious of all lung-damaging diseases. Inherited by one in every 1,600 American children, this severe lung-damaging and digestive disease is presently incurable.

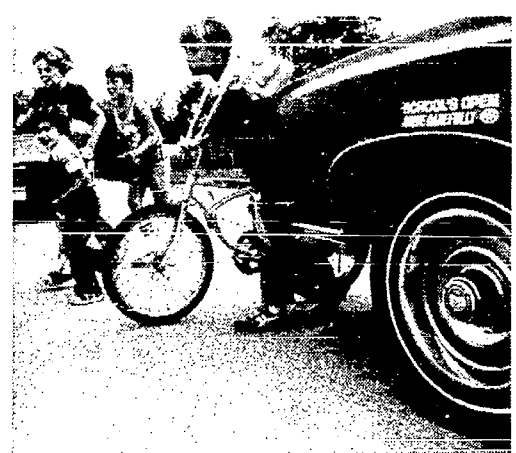

The Cystic Fibrosis Foundation is asking residents of Michigan to give as generously as they can when a volunteer Breath of Life marcher comes to their door. "Through contributions to this campaign we will see a day in which lung-damaging diseases, including Cystic Fibrosis, no longer take more children's lives than any other disease except cancer," stated Greater Michigan Chapter President, Jeanne Mayan.

The primary purpose of the Cystic Fibrosis Foundation is to support research for a cure or control for Cystic Fibrosis, and specialized clinical care for individuals with CF and other related respiratory and digestive diseases.

To this end, the CF Foundation also helps to support over 120 Cystic Fibrosis Centers in the U. S. (five of which are in Michigan) which specialize in the diagnosis and treatment of Cystic Fibrosis, chronic bronchitis, severe asthma, bronchiectasis and recurrent pneumonia. The Foundation also conducts nationwide professional and public education programs designed to foster the early diagnosis and treatment which extends the lives of all lung-damaged children.

Through these programs, significant gains have been made in lengthening the lives of Cystic Fibrosis patients and children with other lung-damaging diseases who benefit from the treatment developed through Cystic Fibrosis research.

Gene Riley, State Campaign Chairman, comments that "In 1955, when the CF Foundation was established, few children with CF survived to school age. But because generous people marched door to door back then and received contributions from generous citizens throughout our country, today with early diagnosis and comprehensive treatment, a child with CF has a 50% chance of living past age 18. This truly is a Breath of Life Campaign."

NINETY-NINE PERCENT of injury and fatality accidents involving school-age youngsters in Michigan occur at areas not patrolled by safety patrol officers, adult crossing guards or police officers. To remind motorists of the dangers posed by children darting into the street, Automobile Club of Michigan begins its 32nd consecutive "School's Open — Drive Carefully" statewide campaign to cut traffic injuries and deaths. Last year, 64 pedestrians and 27 bicyclists aged 5 to 14 were killed in traffic. More than two-thirds of those mishaps happened at mid-block, with many of the children darting into the path of oncoming traffic. Motorists can pick up "School's Open" bumper stickers at any of Auto Club's 55 Michigan offices.

by Fay Bovee

President's Day for the Wed-

started when you left for golf!)

"Old Fashioned Bee"

For the past five months, I
have watched a project in my
neighborhood. It was an "Old
Fashioned Bee" that a family
put together for one of theirs.

They built a garage and
finished a home. They came as
plumbers, electricians, carpen-
ters, and the stonemason even
brought stones for the fireplace
and chimney.

Every weekend they worked
until Labor Day when they saw
the finished product...

Lorraine and Pat Burns were
all settled. On Monday, Sep-
tember 4th, twenty-five persons
gathered for a picnic house-
warming (with a dozen not able
to attend).

A quote, "Real joy does not
come from riches or praise, but
from doing something worth-
while." It was a joyful day.

Clara Sorenson

THANK YOU

I wish to thank all those dear
friends for the lovely cards I am
enjoying going over again.
Also, the doctors and nurses for
making my stay with them so
happy.

Grayling High Upped to "B" Status

Grayling High Principal Kent Reynolds reported today that a state-wide high school enrollment census reveals that Grayling High will be awarded Class "B" status, beginning with this year's Winter Sports Program.

The reclassification has no academic significance, according to Reynolds, but does alter the tournament schedule for winter sports teams this year. Grayling boy's basketball, girl's volleyball and wrestling teams will be competing against "B" schools this winter.

Grayling High reported an enrollment of 762 students effective this past Monday, compared to 707 last year, showing the school into the State's Class "B" category. The determination is made by the Michigan High School Athletic Education Association and is made after a census of all state high schools.
